

# WHAT SHOULD YOU DO IN THE EVENT OF AN ACCIDENT?

Use this convenient worksheet to log all the important details and information you may need for future paperwork. **If an accident occurs, you should take the following steps:**

**STOP.** Failure to stop may lead to a charge of “hit and run,” and the penalties are severe.

**CALL 911.** Report the accident and advise if anyone is injured. Insist on a police report. Do not admit guilt, or offer opinions. If there are any witnesses, take their name and phone number. Ask them to give a statement to the police.

**MOVE YOUR CAR.** If possible, pull your car off to the side of the road or a well-lighted parking lot so you’re not blocking traffic.

**GET I.D.** Get the name and address of all other drivers, as well as the registered owners of all vehicles involved in the accident.

**CALL 716-882-AUTO (2886) OR VISIT WNYAUTOINJURY.COM.**
